¿Sabías que nuestra Isla de La Palma y la parte marina que la rodea son Reserva Mundial de la Biosfera? ¡Más de 87.200 hectáreas! Parte del trabajo para que esto continúe siendo así es promover el desarrollo sostenible siguiendo los objetivos propuestos por la ONU en la 'Agenda 2030'.

Did you know that our Island La Palma and the marine part that surrounds it are World Biosphere Reserve? More than 87,200 hectares! Part of the work so that this continues to be the case is to promote sustainable development following the objectives proposed by the UN in '2030 Agenda'.

Por eso necesitamos tu ayuda. That's why we need your help.

Eficiencia energética. Usa la luz natural siempre y cuando sea posible y no te olvides de apagarla cuando termines de usarla. Despreocúpate de las zonas comunes: tenemos sensores de movimiento.

Energy efficiency. Use the daylight when possible and don't forget to switch off the light when you stopped using it. Don't worry about the hallways: we've got motion sensors.

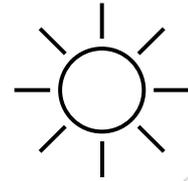

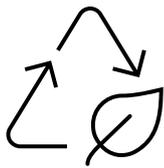

Uso responsable de los recursos. El agua es un bien escaso, ya que en La Palma dependemos de la lluvia para obtenerla. Cuelga tu toalla si la vas a usar otra vez y si quieres que se cambien las sábanas de la cama, coloca el cartel encima.

Responsible use of resources. Water is a scarce commodity, since in La Palma we depend on the rain to obtain it. Hang your towel if you're going to use it again, and if you want the bed sheets changed, place the sign on top.

No queremos que pases frío en la ducha, por eso todas las habitaciones están equipadas con termo de agua independiente, pero esa agua ya viene calentada de nuestras placas solares en la azotea. Úsala con conciencia, y todos tendrán agua caliente proveniente de energía renovable.

We don't want you to be cold in the shower, that's why all the rooms are equipped with an independent water heater, but that water already comes warmed up from our solar panels on the roof. Use it wisely, and everyone will have hot water from renewable energy.

Reduce, Reúsa & Recicla. No tenemos botellas de plástico, pero puedes rellenar tu botella con el agua del grifo. Deposita latas, cristal, papel y otros plásticos en la papelera y nosotros nos encargaremos de separarlo y depositarlo en el contenedor correspondiente.

Reduce, Reuse & Recycle. We don't have plastic bottles, but you can refill your bottle with tap water. Deposit cans, glass, paper and other plastics in the bin and we will take care of separating it and depositing it in the corresponding container.
